Re: Richards Corporation

Operations/Construction:

This is a letter of reference for work currently being performed by Richards Corporation out of Terryville, CT for the Metropolitan District Commission (MDC). Richards Corporation is currently working on a difficult sewer tie in for a developer's project in the town of East Hartford, CT. They also connected fire and domestic services for this development. I have found the project team to be professional, safety conscious and diligent in the manner in which they get work accomplished. I would recommend them for future work here at the MDC and elsewhere.

If you have any questions please call my office at 278-7850, ext 3708.

Sincerely,

A handwritten signature in black ink, appearing to read 'Frank K. Morse', with a long, sweeping horizontal line extending to the right.

Frank K. Morse, P.E.  
Manager of Inspection Services
